Week 10	Nov 23 – 29	Practice videos on Module 7; Thanksgiving – no further videos	Problem Set 5 Thu, Dec 3
Week 11	Nov 30 – Dec 10	Exam preparation (1.5 weeks)	Practice Final Exam
Week 12	Dec 11 – 13	Final Exam (online, covers all material)	Final Exam Sat, Dec 12

On-campus class

Video content

Exam

Before the Course Starts

Please check the course website for the more detailed Class Syllabus.

General notes on the textbook:

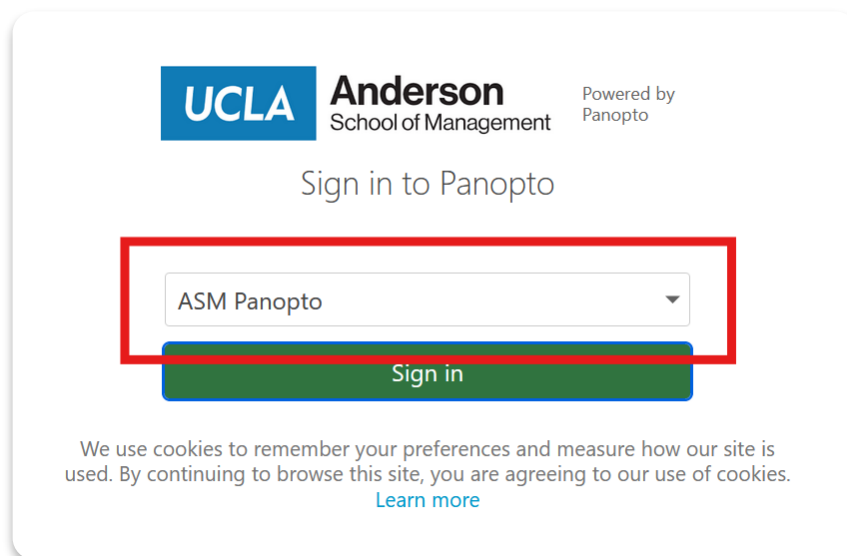

- “Microeconomics” by Goolsbee, Levitt, Syverson (4th edition). See the different purchase options in the class syllabus.
- The “Figure it out” boxes in each chapter should be considered as advanced (voluntary) readings.

Optional pre-class training: If you feel you could use a math refresher before the class, I suggest:

- Take the [Math Quiz](#) (10 – 15 min)
- Watch the [Math Review Videos](#)

Watching the course videos: This may require you to sign-in to Panopto. Use option [“ASM Panopto”](#)

Topics covered

Module 1: Basic Concepts and Economic Principles

Module 2: Demand Analysis

On-campus class · Sat, Sep 26, 2:00 – 8:00 pm

- **Module 1 (remainder): Basic Concepts and Economic Principles**
- **Module 2: Demand Analysis**

In-Class Material – Modules 1, 2: Handout / Slides (TBD)

Before class · Mon, Sep 21 – Fri, Sep 25

Videos

Watch before class:

- **Module 1 – Video 1: Introduction** (9 min) · slides
- **Module 1 – Video 2: Markets** (10 min) · slides
- **Module 1 – Video 3: Demand and Supply** (8 min) · slides
- **Module 1 – Video 4: Market Equilibrium** (7 min) · slides

≈ 34 min of video in total

Podcasts

Podcasts About Class Material:

- **Podcast (before class): Intro to Module 1** (6 min)
- **Podcast (before class): Intro to Module 2** (4 min)

Optional Podcasts (before class):

- **Should We Really Behave Like Economists Say We Do?**
- **The Cost-Benefit Principle**
- **The Opportunity-Cost Principle**

Suggested Reading

In preparation for the Module 1 videos:

- Ch. 1
- Ch. 2.1 – 2.4
- [Optional: Math Review Section 1 in the Appendix of the textbook]

In preparation for class:

- Ch. 2.5

Topics covered

Module 2: Demand Analysis (remaining videos)

During the week · Mon, Sep 28 – Fri, Oct 2

Videos

Remaining videos for Module 2 [material not covered in the on-campus class] – watch by the weekend:

- **Module 2 – Video 1: Elasticity and Revenue** (25 min) · slides
- **Module 2 – Video 2: Marginal Revenue** (23 min) · slides
- **Module 2 – Video 3: Demand Estimation** (24 min) · slides

≈ 72 min of video in total

Practice videos for Module 2:

- **Module 2 – Practice Video 1: Elasticity and Revenues** (7 min)
- **Module 2 – Practice Video 2: Revenue Maximization** (6 min)

Podcasts

Podcasts About Class Material:

- **Podcast (after class): Wrap-Up of Module 1** (16 min)
- **Podcast (after class and watching the Module 2 videos): Wrap-Up of Module 2** (20 min)

Suggested Reading

[Relevant textbook reading was already covered in preparation for the previous class.]

Advanced reading (optional):

- Chapters 5.1, 5.2, 5.4, 5.5

Teaching notes (optional):

- **Teaching note: Marginal Revenue**
- **Teaching note: Demand Elasticity and Total Revenue**
- **Teaching note: Regressions**

Suggested Additional Practice Exercises

- **Online quiz on Module 1: Basic Concepts and Economic Principles**
- **Online quiz on Module 2: Demand Analysis**

zoom Coffee & Econ – Zoom Session with Nico. [Zoom link here.](#) Sun, Oct 11, 9:00 am PT

Due: Problem Set 1 – Tue, Oct 13

Upload one solution per group on [BruinLearn](#)

Topics covered

Module 3: Production & Costs

During the week · Mon, Oct 5 – Fri, Oct 9

Videos

Module 3: Production & Costs – videos to watch by the weekend:

- **Video 1: Introduction to Module 3** (3 min) · slides
- **Video 2: The Production Function** (8 min) · slides
- **Video 3: Short Run: Hiring Decisions** (31 min) · slides
- **Video 4: Wage Searchers** (6 min) · slides
- **Video 5: Long Run: The Optimal Input Mix** (19 min) · slides
- **Video 6: Cost Concepts** (33 min) · slides
- **Video 7: Economies of Scale and Scope** (13 min) · slides

≈ 113 min of video in total

Practice videos for Module 3:

- **Practice Video: Costs: Make vs Buy Decision** (10 min)

Podcasts

Podcasts About Class Material:

- **Podcast (before watching the Module 3 videos): Intro to Module 3** (7 min)
- **Podcast (after watching the Module 3 videos): Wrap-Up of Module 3** (23 min)

Suggested Reading

In preparation for the Module 3 videos:

- Ch. 6.1 – 6.3, 6.5
- Ch. 7

Teaching notes (optional):

- **Teaching note: Hiring Decisions in the Short Run**
- **Teaching note: The Bang-for-the-Buck Rule**

Topics covered

Module 4 (Part I): Competitive Markets and Market Interventions

During the week · Mon, Oct 12 – Fri, Oct 16

Videos

Module 4 (Part I): Competitive Markets and Market Interventions – videos to watch by the weekend:

- **Video 1: Introduction to Market Structures** (6 min) · slides
- **Video 2: Perfect Competition** (8 min) · slides
- **Video 3: Profit Maximization of a Price Taker – Short Run** (45 min) · slides
- **Video 4: Firm-Level and Market Supply** (6 min) · slides
- **Video 5: Long-Run Competitive Equilibrium** (8 min) · slides

≈ 73 min of video in total

Podcasts

Podcasts About Class Material:

- Podcast (before watching the Module 4 videos): **Intro to Module 4** (4 min)
- Podcast (after watching the Module 4 videos): **Wrap-Up of Module 4** (22 min)

Suggested Reading

In preparation for the Module 4 (Part I) videos:

- Ch. 8.1 – 8.3

Suggested Additional Practice Exercises

- **Online quiz on Module 3: Production & Costs**

Due: Problem Set 2 – Tue, Oct 27

Upload one solution per group on [BruinLearn](#)

Topics covered

Module 3: Applications

Module 4 (Part II): Market Distortions / Externalities

Module 5: Monopoly and Monopolistic Competition

On-campus class · Sat, Oct 24, 2:00 – 8:00 pm

- **Module 3: Applications**
- **Module 4 (Part II): Market Distortions / Externalities**
- **Module 5: Monopoly and Monopolistic Competition**

In-Class Material – Modules 3, 4, 5: Handout / Slides (TBD)

Before class · Mon, Oct 19 – Fri, Oct 23

Podcasts

Podcasts About Class Material:

- **Podcast (before class): Intro to Module 5** (4 min)

Optional Podcasts (before class):

- **The True Story of the Minimum Wage Fight (Module 4)**
- **Why Rent Control Doesn't Work (Module 4)**
- **Luxottica (Module 5) – note: this is a video, not a podcast**

Suggested Reading

In preparation for class:

- For Module 4 (Part II): Ch. 3.1 – 3.4; Ch. 17 (pp. 513 – 524)
- For Module 5: Ch. 9.1 – 9.3; Ch. 9.5 – 9.7; Ch. 11.7

Teaching notes (optional):

- **Teaching note: $MR = MC$**
- Assigned articles for discussion (posted on BruinLearn)

Suggested Additional Practice Exercises

- **Online quiz on Module 4 (Part I): Competitive Markets and Market Interventions**

Due: **Practice Midterm Exam (optional)** – Fri, Oct 30

Midterm Exam (online)

- The midterm covers through Module 3.
- 3-hour window at home – exact time window to be determined, will be announced in class.
- The midterm takes place online, with proctoring software.
- Open book, open notes. Calculator allowed.

During the week · Mon, Oct 26 – Wed, Oct 28

Videos

Practice videos for Module 4:

- **Practice Video: Optimization of a Price Taker** (19 min)

Practice videos for Module 5:

- **Practice Video: Optimization of a Price Searcher**

Podcasts

Podcasts About Class Material:

- For Module 7: Ch. 12.1 – 12.2 (only until p. 373)
- For Module 8: Ch. 16.1 – 16.5
- Assigned articles for discussion (posted on BruinLearn)

Suggested Additional Practice Exercises

- **Online quiz on Module 7 (Part I): Oligopoly with Homogenous Goods**

Due: Problem Set 5 – Thu, Dec 3

Upload one solution per group on [BruinLearn](#)

Topics covered

Practice videos on Module 7

Thanksgiving – no further videos

During the week · Mon, Nov 23 – Wed, Nov 25

Videos

Practice videos for Module 7:

- **Practice Video: Cournot Competition – Math** (11 min)
- **Practice Video: Oligopoly with different MC** (18 min)

≈ 29 min of video in total

Practice videos for Module 7 (optional, advanced) [for those interested in the math – not required for the exam]:

- **Practice Video: Oligopoly with Differentiated Goods – Math** (11 min)

Podcasts

Podcasts About Class Material:

- **Podcast (after class and watching the Module 7 videos): Wrap-Up of Module 7** (20 min)

Suggested Additional Practice Exercises

- **Online quiz on Module 7 (Part II): Oligopoly with Diff. Goods; Game Theory**
- **Online quiz on Module 8: Asymmetric Information; Auctions**

Thanksgiving – no further videos (Thu, Nov 26 – Sun, Nov 29)

Practice Final Exam – solutions on BruinLearn**Topics covered**

Exam preparation (1.5 weeks)

- Exam prep time: if you follow the schedule, you will have 1.5 weeks to prepare. More videos will be posted with review material by the TA.
- Final Exam Prep: Solve the Practice Final
- TA Review Sessions and Practice Sessions

Final Exam (online)

- The final exam covers all material, Modules 1 – 8.
- The final exam will take place online, and you will have 3 hours to solve the exam and upload your scanned solutions.
- The exam takes place on Sat, Dec 12, 2:00 PM – 5:00 PM.
- There will be about 20 multiple choice questions and 3 – 4 problem-solving questions.
- Open book, open notes. Calculator allowed. See syllabus for further detail.
- We will use proctoring software.
